End of Training

WHO IS ADN CENTER OF EXCELLENCE®

ADN CoEs aim to convey and deliver best practice procedures and information to health professionals from the beginning to the end in the best way, supported by accredited or scientific publications.

ADN CoE's vision is a world in which our training and training clinicians support the delivery of optimal healthcare for all as we train the next generation of clinicians.

ADN CoE's mission is to provide and advance quality learning for healthcare professionals who drive improvements in patient care.

TAVI TRAINING

This basic training for TAVI procedure for participants to master the areas of good practice before / early and after surgery and training on concrete cases.

On the first training day, participants will learn about the definition of aortic stenosis and how should asymptomatic aortic stenosis be approached. Also, participants will learn TAVI Initiations, Valve Types, Valve Selection, and CT Evaluation in TAVI Procedure.

In the second part of the first training day, participants will proceed with how practitioners and the heart team should be prepared for TAVI operation step by step. Participants will develop their knowledge with the latest data and best Practitioners about TAVI in the most excellent hospital. On the second day of training, participants will observe the practitioners in the case by attending the TAVI in the catheter lab.

Istanbul University - Cerrahpaşa Institute of Cardiology is established in 1974. Following the establishment of the Surgery and Anesthesiology units at the Institute and the completion of the necessary infrastructure, heart surgeries started in 1985. Istanbul University - Cerrahpaşa Institute of Cardiology currently has 5 departments (Cardiology, Cardiovascular Surgery, Anesthesiology, and Reanimation), 6-bed emergency, 10-bed coronary intensive care unit (2nd class), 18-bed surgical intensive care unit (3rd class). provides routine RESPIRATORY FUNCTION TESTS, EKG, ECHO, EFFORT, HOLTER, THALIUM, ELECTROPHYSIOLOGY, and INTERVENTIONAL CARDIOLOGY services.

In our institute, these services include 3 operating rooms, 2 catheterization laboratories, 1 electrophysiology laboratory, 1 Holter laboratory, echocardiography laboratory with 5 devices, nuclear medicine laboratory with 1 device, treadmill laboratory with 3 devices, 1 x-ray laboratory, respiratory function laboratory with 1 device, transfusion center, as well as biochemistry and maintained by microbiology laboratories.

Istanbul University - Cerrahpaşa Medical Faculty trains about 370 professionals a year. Cerrahpaşa Faculty of Medicine is the most preferred and recommended medical faculty in Turkey.

ACCOMODATION DEDEMAN ISTANBUL HOTEL

Dedeman Hotels & Resorts International has been serving its guests for over 50 years in the most beautiful areas of its host cities with its professional staff, wide service spectrum, and quality concept that is unique to Dedeman. Dedeman Hotels all across Iraq, Kazakhstan, and Turkey welcome their guests with the "Traditional Dedeman Hospitality".

We invite you to one of our hotels to experience the spirit of the region you're visiting, and discover the "Traditional Dedeman Hospitality".

Dedeman Group started its tourism activities in 1966 and is currently providing services in Dedeman İstanbul, Dedeman Bostancı, Park Dedeman Bostancı, Park Dedeman Eskişehir, Dedeman Palandöken, Dedeman Palandöken Ski Lodge, Dedeman Konya, Dedeman Şanlıurfa, Park Dedeman Trabzon, Dedeman Zonguldak, Dedeman Tokat, Park Dedeman Elazığ, Dedeman Oskemen, Park Dedeman Denizli, Park Dedeman Gaziantep, Park Dedeman Kastamonu and Dedeman Erbil. With the incorporation of Dedeman Erbil which opened in 2013 and Dedeman Oskemen which opened in 2014 to the chain, Dedeman Hotels & Resorts International now serves 17 hotels in total at home and abroad with the "Traditional Dedeman Hospitality", and is one of the most long-standing hotel brands and Turkey's first international hotel chain. Dedeman Hotels & Resorts International is proud to be Turkey's first hotel chain that developed its second hotel brand by opening Park Dedeman Denizli in April 2012.

Dedeman, Turkey also showed its pioneering role in opening up tourism in many different hotels from each region with its leadership position in the hotel industry.

Besides the Dedeman hotels that display the natural beauties of Turkey for summer tourism, there are two prominent ski hotels for winter tourism. With its Palandöken and Palandöken Ski Lodge hotels' ski tracks which are approved by the International Ski Federation, Dedeman hosts countless local and foreign winter sports fans.

HOTEL CANCELLATION POLICY

If you wish to cancel or modify your hotel booking, please do not contact the hotel directly, send us a notification by email at: info@adncenterofexcellence.com Cancellations received earlier than 10 days before the beginning of the course are eligible for a full hotel refund. After that deadline, a one-night deposit will be deducted from your refund.

BOOKING POLICY

The deadline for hotel booking is 10 days before the course. Unfortunately, ADN CoE cannot guarantee room availability past that deadline. Bookings are made on a first-come, first-served basis. In case of non-availability, we shall do our best to re-accommodate you in a nearby hotel of equal standard.
