

# **TRICUSPID VALVE INTERVENTIONS TRAINING**

04-05 MARCH 2024

GOP Yeni Yuzyil  
University Hospital

# TRICUSPID VALVE INTERVENTIONS TRAINING

Clinical experts recognize the significance of Tricuspid Valve Interventions in addressing valvular abnormalities, particularly tricuspid regurgitation. This condition can stem from various causes, including primary valve defects or secondary issues linked to right ventricular dilatation or dysfunction. Tricuspid regurgitation often leads to symptoms of heart failure and poses a challenge in treatment due to limited therapeutic options.

While surgical interventions have traditionally been considered the standard for severe tricuspid regurgitation, there's a growing need for innovative approaches. Transcatheter tricuspid valve interventions have emerged as a promising alternative for patients deemed high risk or ineligible for surgery. These interventions aim to repair or replace the tricuspid valve using minimally invasive techniques, offering new hope to a subset of patients facing this condition.

Our Tricuspid Valve Interventions Training is meticulously designed for interventional cardiologists seeking expertise in managing tricuspid valve procedures. This comprehensive program spans multiple days, focusing on theoretical knowledge combined with practical, hands-on training. The training modules delve into the nuances of tricuspid valve anatomy, the assessment of regurgitation severity, and the procedural intricacies involved in transcatheter tricuspid valve repair or replacement.

Participants will gain proficiency in utilizing advanced imaging techniques, such as transesophageal echocardiography, crucial for accurate procedural guidance. Additionally, the training will encompass guidance on catheter-based approaches and device selection tailored to individual patient characteristics. Our program emphasizes the importance of a multidisciplinary approach, simulating real-world scenarios to provide a holistic learning experience.

Recognizing the complexity and critical nature of tricuspid valve interventions, our training ensures small group sizes, facilitating personalized attention and ample hands-on practice. By offering a specialized curriculum unparalleled in its depth and focus, our Tricuspid Valve Interventions Training stands as a pioneering initiative, poised to equip cardiologists with the expertise needed to navigate this evolving field effectively.

# INSTRUCTORS

**Assoc. Prof. Ismail ATES**

Assoc. Prof. Ismail Ates, an accomplished interventional cardiologist with a rich educational background from Akdeniz University Medical School . With over two decades of professional experience, he has dedicated his career to improving heart health. Dr. Ates is renowned for his expertise in MitraClip and TriClip procedures, he currently serves as an interventional cardiologist at Yeni Yuzyil Universitesi Ozel Gaziosmanpasa Hospital and Antalya ASV Yasam Hospital, where he continues to make a positive impact in the field of cardiology.

**Dr. Zeynettin KAYA**

Dr. Zeynettin KAYA, a renowned cardiologist with an impressive educational journey at Hacettee and Selçuk Universities. With extensive experience in clinical and interventional cardiology, Dr. KAYA is also an expert in MitraClip and TriClip procedures. He has treated over 40,000 patients and performed 8,000 interventional procedures. His dedication to cardiac care is underscored by his numerous certifications, training, and prolific publications, making him a trusted figure in the field.

# VENUE

## GOP YENI YUZYIL UNIVERSITY HOSPITAL

# ACCOMMODATION

## MÖVENPICK HOTEL ISTANBUL BOSPHORUS

Nestled on the shores of the iconic Bosphorus Strait, the Mövenpick Hotel Istanbul Bosphorus combines modern luxury with captivating views of Istanbul. Offering sophisticated rooms and suites, this hotel provides a serene retreat for medical professionals attending educational programs. With state-of-the-art facilities for seminars and conferences, the hotel ensures a conducive environment for learning. Guests can savor culinary delights at its restaurants and unwind in the spa, complementing their stay. Its prime location near cultural landmarks makes it an ideal base for exploration, promising a memorable and enriching experience in the heart of Istanbul.

### HOTEL CANCELLATION POLICY

If you wish to cancel or modify your hotel booking, please do not contact the hotel directly, send us a notification by email at: [info@adncenterofexcellence.com](mailto:info@adncenterofexcellence.com). Cancellations received earlier than 10 days before the beginning of the course are eligible for a full hotel refund. After that deadline, a one-night deposit will be deducted from your refund.

### BOOKING POLICY

The deadline for hotel booking is 10 days before the course. Unfortunately, ADN CoE cannot guarantee room availability past that deadline. Bookings are made on a first-come, first-served basis. In case of non-availability, we shall do our best to re-accommodate you in a nearby hotel of equal standard.

# Useful Information

## Transfer

The transfer vehicle will accompany you during the training. The transfer vehicle will depart from the hotel to the hospital at 8:15 on 04-05 March 2024. Please make sure to board the transfer vehicle at 08:15.

## Training Location

GOP YENI YUZYIL UNIVERSITY HOSPITAL  
Merkez, Çukurçeşme Cd. No:51, 34245 Gaziosmanpaşa/İstanbul
