

ADN CoE®

THE STRUCTURAL CLUB

06-07 FEBRUARY 2025
ISTANBUL

06 FEBRUARY 2025

08:00-08:30 Welcome and Registration

08:30-09:00 Introduction and Overview

09:00-10:30 Focused Lecture 1: Pathophysiology and Patient Selection Criteria
In-depth lecture on the pathophysiology of structural heart diseases
Criteria for selecting patients for structural heart interventions

10:30-11:00 Coffee Break

11:00-12:30 Focused Lecture 2: Procedural Techniques and Outcomes Analysis
Detailed discussion on procedural techniques for LAA closure, PFO, ASD, and VSD closure
Analysis of patient outcomes

12:30-13:30 Lunch Break

13:30-15:00 Interactive Case Discussion 1
Analysis and discussion of real-life cases
Exploration of decision-making processes and clinical strategies

15:00-15:30 Coffee Break

15:30-17:00 Live Case Observation 1
Observation of a live structural heart intervention in the cathlab
Discussion on procedural techniques, device selection, and patient management

07 FEBRUARY 2025

08:00-08:30 Recap of Day 1 and Day 2 Overview

08:30-10:00 Focused Lecture 3: Complex Cases and Complications Management
Lecture on managing complex cases in structural heart interventions
Discussion on complications and their management

10:00-10:30 Coffee Break

10:30-12:00 Focused Lecture 4: Emerging Technologies in Structural Heart Interventions
Presentation on the latest advancements and emerging technologies in the field

12:00-13:00 Lunch Break

13:00-14:30 Expert Analysis of Live Cases
Detailed post-procedural analysis of the live cases observed on Day 1
Discussion on procedural nuances, patient outcomes, and clinical decision-making

14:30-15:00 Coffee Break

15:00-16:30 Live Case Observation 2
Observation of another live structural heart intervention in the cathlab
Further insights into procedural techniques and patient management

16:30-17:00 Quiz and Closing Remarks
Assessment quiz to evaluate knowledge gained
Closing remarks by the lead trainer and distribution of certificates
